Your promotional video on the IZB website and social media

FROM THE IZB FOR THE IZB

The 6th of October should have marked the start of the IZB 2020 as it opened its doors to exhibitors, partners and trade visitors. Although we have had to postpone the IZB until 5th to 7th October 2021 due to the coronavirus pandemic, we are delighted that so many companies have decided to remain true to the event!

"From the IZB – for the IZB" is the motto of the video that we are proud to present to you here. We asked our exhibitors "What is special about the IZB" and "Why do you exhibit at the IZB" and received a multitude of responses in the form of exciting videos!

We are still happy to help you with your preparations for the fair trade fair and are looking forward to the run-up to the event in 2021.

With your involvement, we can continue to be the IZB, coming together to form Europe's leading trade fair for the automotive supplier industry!

Advertising in the Exhibition Halls

The following options are available for advertising in the exhibition halls:

Screen for the Exclusive Presentation of Your Company

Moving images are particularly successful at attracting strong interest from visitors to the trade fair. Make the most of this phenomenon and book a screen in the IZB exhibition grounds on which your company presentation will be displayed. LED screens on stands positioned in busy locations such as walkways between halls and dining areas help to ensure that your advertising attracts the attention of passers-by. Use these screens to effectively present your message and shine the spotlight on your IZB stand. This option enables you to book a screen for your own exclusive use. The screen will show your slide show, Flash animation or image film in a constant loop.
