At the trade fair

IZB Live Stage & Connecting Area & Cross Industry Area

At the 13th International Suppliers Fair in Wolfsburg, the Connecting Area offers exhibiting companies and visitors a central contact point at the heart of the trade fair.

The area covering around 200 square metres in Hall 3 opens up a multitude of opportunities to make new contacts, discuss future-oriented ideas and find out more about current trends, insights and impetus on the IZB Live Stage.

The **Connecting Area** makes the IZB 2026 a central hub for innovation and cooperation.

With the **Cross Industry Area**, which is also located in Hall 3, the IZB 2026 will be the first to establish a platform for companies outside of the classic automotive world, companies offering technologies, products and solutions that provide important impetus for the mobility and industry of the future.

More detailed information can be found [here](#).

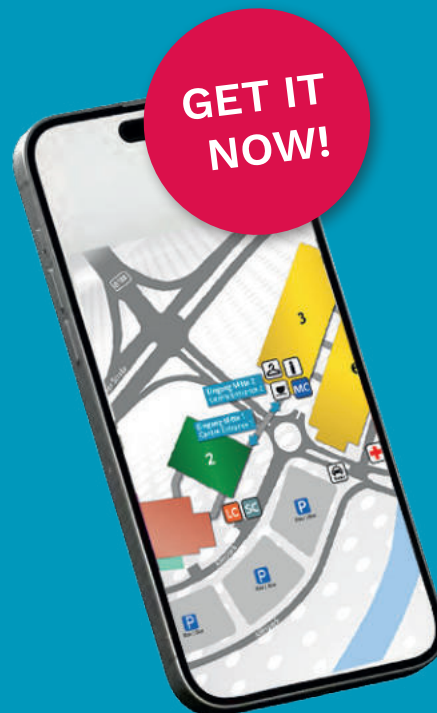

The **IZB Live Stage** is a platform for innovations and solutions. Here, visionaries, experts and decision-makers come together to address the most pressing challenges in the industry and to present new ideas and incentives.

You can find the **current programme** of the IZB live Stage [here](#) or in the IZB app.

This year, the **Volkswagen Group** is not only presenting its products and services at the IZB at its own five trade fair stands – the Volkswagen Group Hubs – but is also hosting a multitude of expert presentations and joint panel discussions with suppliers on the IZB Live Stage.

At the trade fair IZB app

The IZB app offers you a comprehensive overview of the trade fair, the exhibition halls, participants and all exhibitors. An interactive hall plan will help you find your way around the IZB.

What's more, the app also provides you with real-time information on the stage programme of the IZB Live Stage. All of the IZB Live Stage formats will be recorded and made available to you in the Media Center of the IZB app.

Other features include:

- matchmaking for new and targeted contacts
- a personal event planner and agenda
- a comprehensive Exhibitor Directory
- informative product presentations according to product group
- an interactive hall plan
- a 1:1 meeting function for personal discussions

Maximise your trade fair experience at the International Suppliers Fair (IZB) 2026 with our app. The IZB is a central communication and business platform, and the IZB app makes networking even easier and more effective.

Make sure that your company profile is updated and completed in the IZB app before the start of the trade fair!

You can use your company's administrator access to the app to add relevant documents and information, as well as the contact details of your stand staff, to your company profile.

The IZB app is available as a downloadable mobile app and as a desktop version. You can use the QR code above to download the app and share it with your colleagues and employees.

The IZB app can be downloaded for free from the Apple App Store and the Google Play Store.

At the trade fair **Volkswagen Group Hubs**

As an exhibitor at the IZB 2026, you have the exclusive opportunity to establish direct contact with high-ranking employees from the Procurement and Technical Development divisions of the Volkswagen Group.

The five Volkswagen Group Hubs dedicated to the focus areas of Interior & Exterior, Electronics & Connectivity, Powertrain & Battery, Metal, Car Body & Driving Systems and General Procurement & AI provide the platforms necessary for intensive dialogue.

You can find the Volkswagen Group Hubs in

Hall 1 | Stand 1322 – Volkswagen Group Hub Interior & Exterior

Hall 3 | Stand 3222 – Volkswagen Group Hub Electronics & Connectivity

Hall 4 | Stand 4216 – Volkswagen Group Hub Powertrain & Battery

Hall 5 | Stand 5218 – Volkswagen Group Hub Metal, Car Body & Driving Systems

Hall 6 | Stand 6316 – Volkswagen Group Hub General Procurement & AI

At the trade fair **innovations@IZB**

As an exhibitor, you have the excellent opportunity to present your new and further developed products, systems and services as well as your trade fair highlights at the IZB.

For our **innovation report “innovations@IZB”**, we have selected 50 innovations from all the innovations submitted by exhibitors. The innovations can be viewed online and are also featured in a full digital edition of the report.

You can find the innovations submitted [here](#).

At the trade fair **Products to watch by Automobilwoche**

For around 25 years, the IZB and our main media partner, the trade newspaper “Automobilwoche”, have been connected by keeping a keen eye on the latest developments and trends in the automotive and supplier industry.

In line with the motto of “**Products to watch by Automobilwoche**“, Automobilwoche teams up with the IZB experts to choose the 15 most outstanding innovations from all entries submitted for the “innovations@IZB” innovation report.

These selected innovations are then paid special attention, for example by being presented both on the IZB website and in the IZB special edition of Automobilwoche.

At the trade fair **Walk & Talks – themed Volkswagen tours**

On the three days of the trade fair, a multitude of guided tours take place for various groups.

For the second time, themed tours, so-called “Walk & Talks” will be available exclusively for Volkswagen employees during the trade fair. The companies visited on these tours will be selected by Volkswagen from the innovations submitted for the “innovations@izb” report and correspondingly informed of their involvement in advance.

The city of Wolfsburg and the Allerpark

Wolfsburg, a modern and dynamic city in the German state of Lower Saxony, is well known as the home of the Volkswagen Group and impresses both residents and visitors alike with its fascinating mix of industry, culture and nature.

The Autostadt (automobile city) invites visitors to discover the world of mobility, while the Phaeno science center provides a hands-on insight into science with its interactive exhibitions. The city is also home to the Allerpark and Wolfsburg Castle, two idyllic retreats for recreation and relaxing walks. Wolfsburg combines tradition and innovation and offers both locals and guests a unique urban experience.

In addition to the IZB, Wolfsburg also contains several other locations that are well worth a visit during your stay:

- Phaeno science center
- Wolfsburg Planetarium
- Volkswagen Auto Museum
- Autostadt
- Designer Outlets Wolfsburg

The **Allerpark** in Wolfsburg is a true paradise for relaxation and recreation. With its huge lake, green fields and a multitude of sport and leisure facilities, it offers something for everyone. The Allerpark is not only an ideal place to relax and enjoy a stroll but also offers a wide variety of activities such as swimming, beach volleyball or water sports. Families are sure to love a special highlight in the form of the BadeLand, one of the largest swimming pools and water fun parks in Northern Germany. The Allerpark is a place in which nature and leisure fun blend in perfect harmony. It is a perfect destination for young and old alike.
