Applications and solutions from ifm

ifm at a glance

The partner at your side

ifm – close to you!

Measuring, controlling and evaluating – when it comes to pioneering automation and digitisation technology, the ifm group is the ideal partner. Since its foundation in 1969 ifm has developed, produced and sold sensors, controllers, software and systems for industrial automation worldwide. As one of the pioneers of Industry 4.0, ifm develops and implements consistent solutions to digitise the entire value chain “from sensor to ERP”.
