SOFTWARE MARKETPLACE@IZB2022

With its Software Marketplace, the IZB 2022 offers a special platform for the latest trending topics regarding the digitalisation of products and production in the automotive industry.

The Software Marketplace is comprised of an exhibition area especially for emerging software companies designed like a co-working space, a live stage for hybrid talks and presentations and a cross-industry area. Here, the focus is on technologies that were developed outside of the automotive industry but have interfaces with it or may be involved in the automotive world in the future.

These two areas are connected by the IZB Live Stage, a platform for speakers from Volkswagen and supplier companies who will share their insights in a range of keynotes and panel discussions on the latest issues in the key topics of Software, Production 4.0, Cyber Security, Autonomous Driving and E-mobility.

You can find the entire programme [here](#).

THE IZB LIVE STAGE AS A HYBRID EVENT

Innovative, live and interactive. At the International Suppliers Fair (IZB) in Wolfsburg, the IZB Live Stage is an ideal platform for exciting talks, presentations and panel discussions on innovations, future trends and the latest focus topics in the automotive industry:

- Autonomous Driving,
- E-mobility,
- Electrification,
- Software,
- Connectivity,
- Production 4.0 and
- Cyber Security.

In the heart of the Software Marketplace @IZB2022, the live stage serves as a platform for industry experts, Volkswagen and suppliers. The presentations will be streamed via a digital platform and remain available online to be called up in the media center after the event. This extends the reach and enables all interested parties worldwide to participate in the quality program.

A diverse line-up of speakers from Volkswagen, suppliers, and external speakers, guarantees exciting content on the top themes in the automotive industry, along with insights and future developments in the Volkswagen world and among suppliers.

You can experience the IZB Live Stage in person in Hall 1 or you can participate virtually. The entire programme can be found [here](#).

THE IZB JOB WALL

In October 2022, we are offering interested employers the opportunity to publish an online job advertisement on the IZB Online Job Wall and a physical job advertisement at the IZB 2022. The Job Fair has now established itself as an integral tradition of the IZB and is valued by both exhibitors and jobseekers alike as an excellent chance to meet new contacts in person.

The IZB Online Job Wall offers you the following benefits:

- ✓ Our reach extends far beyond national borders.
- ✓ Our Job Wall helps to combat a lack of qualified staff.
- ✓ Our IZB Online Job Wall can be accessed at all times and from all locations.
- ✓ It provides excellent access to your chosen target group.
- ✓ The IZB Online Job Wall is published on our social media channels.

You can submit your job advertisements now.

The price for publishing a job advertisement is € 190 (plus German VAT).

Your booked job advertisement will be published after booking on our [IZB Online Job Wall](#) and on our Job Wall directly on site at the trade fair. Multiple job advertisements can be booked.

Have we sparked your interest? You can find our [order form](#) here.
